

COMMUNITY MIDWIVES of HAMILTON

Suite 201-1057 Main Street West, Hamilton, ON L8S 1B7

Phone (905) 546-5444 Fax (905)546-1333 Pager (905)769-1996

General Registrant Position

Community Midwives of Hamilton (CMOH) is seeking one General Registrant (GR) for a negotiable start date. It is a minimum one-year contract position, with a potential to extend. CMOH has a clear path to partnership for all midwives who remain at the practice. We are a busy urban teaching practice that offers diverse and unique opportunities for you.

We offer a positive, supportive, and flexible work environment with different models of care, including primary and shared call. Primary call offers every second weekend off call from Thursday evening until Monday morning. Midwives also have 2-3 vacation months every year.

Our practice maintains active privileges at Hamilton Health Sciences (HHS) and St. Joseph's Healthcare Hamilton (SJHH). Hamilton is an excellent location for a GR to practice to their full scope in a supportive environment. HHS offers the benefits of a Midwifery Care Unit. Officially opened in 2022, this unit offers midwives the opportunity to continue to support and develop alternative models of care in our community.

Hamilton has a very diverse population, and our clinic has developed several community partnerships for the provision of accessible midwifery care. This gives GRs the opportunity to work with clients with diverse needs. We currently have midwives who provide care in Arabic and French.

We are a busy teaching practice. GRs have the opportunity to be involved with midwifery, nurse practitioner and medical students. You are likely to be involved in the supervision and preceptorship of NC and senior students. There are also many opportunities to be involved with the McMaster Midwifery Education Program teaching sessions.

Hamilton and the surrounding areas offer beautiful green spaces - including renown waterfalls, parks, and hiking trails; alongside a vibrant and re-emerging downtown core complete with a variety of cultural experiences - food, theatre, and a thriving art scene.

We are seeking a dedicated team member who is innovative and passionate about the care they provide. We welcome candidates with experience working with clients of diverse backgrounds. Additional languages are an asset. We are committed to reflecting the diverse community we work with - midwives who identify as IBPOC are encouraged to apply.

You will only be contacted if you are successful in achieving an interview.

If interested, please submit a faxed or emailed cover letter and CV to the attention of Kate Demers.
