

General Registrant LOCUM: February/March 2025

We are eagerly and enthusiastically looking for a General Registrant locum for coverage for February/March 2025. We are flexible with dates and length of stay.

We are a very busy rural/remote, two-midwife, primary care practice in a small, beautiful community in Northwestern Ontario, serving Kenora and surrounding reserves/communities. We are the only “delivering” midwives between Thunder Bay and Winnipeg. We are seeking a locum to cover extended vacation time for midwives in the practice. Dates and off-call time are flexible. The locum will be funded exclusively by the AOM block incentive fee.

We currently have privileges at Lake of the Woods District Hospital (Level 1) and have a strong working relationship with the hospital administration, physicians and nurses. We work with full scope of practice. There are no Obstetricians in Kenora so we work closely with 6 family physicians, with whom we have excellent collegueship. We refer our high-risk clients to Obstetricians in Winnipeg, Manitoba when necessary.

Midwives in the community are actively involved in hospital committee work, including the Medical Advisory Committee, Perinatal Working Group, and MoreOB, and we hold instructor privileges for NRP, Fetal Health Surveillance, and AOM ESW.

For the outdoor enthusiast, our community lies within the heart of Central Canada’s Lake of the Woods region. This area offers an incredible winter experience including ice fishing, cross-country skiing, snowboarding, downhill skiing, snowmobiling, snow-shoeing, hockey and small-town hospitality. Our population is about 15,000 in the off-season with those numbers tripling in the summer months. We are located 222 km north of the Canada/USA border, 200 km east of Winnipeg and 560 km west of Thunder Bay on beautiful Lake of the Woods.
