

Midwives of Brampton and Halton Hills is an established busy urban/suburban practice that greatly values teamwork and inclusivity. We are committed to providing care to a socially and culturally diverse community of clients, cultivating healthy intra practice relationships, professional and respectful interactions with hospital peers, strong systems of clinical/business practice and job security and satisfaction for support staff. As a practice, we believe work-life balance is extremely important. To meet the needs of midwives in different stages of their career we are open to discussing various call models.

We are currently seeking a full-time General Registrant with caseload and on call start date that can be flexible, with orientation and clinic one month prior. The successful candidate will work full time but we are open to discussing half-time and three-quarter-time requests. Currently, we work in a shared call rotation, however, are open to discussing alternative models of care. The present schedule alternates from one week on call, followed by one week of clinic, with 3 weeks scheduled vacation time after every 6 weeks worked.

It is our expectation the applicant would have working essential midwifery equipment as per the CMO and would be comfortable both in a home and hospital birth setting. The hired candidate would also be expected to hold privileges at Brampton Civic Hospital and Halton Health Services- Georgetown site and live within 30-45 minutes driving distance of these hospitals. Midwives in our practice provide full scope of care in both hospitals so comfort/experience with managing epidurals and oxytocin would be an asset.

We are a teaching practice and work hard to support student education. The successful candidate will be able to demonstrate a strong capacity for ongoing learning, development, and growth as well as a facility for working and communicating effectively in teams.

We strive to create a welcoming, safe, accessible, and inclusive environment for all our clients and midwives. Growing the racial and cultural diversity of our staff is a priority at our practice. We welcome applications from BIPOC and LGBTQ+ midwives, IMPP graduates, and midwives who speak languages other than English.

We invite resumes and letters of introduction to be submitted by email to georgetownclinic@mobhh.ca no later than March 22, 2021. Thank you in advance for taking the time to submit your application. We are looking forward to reviewing it and will only be contacting those selected for an interview.
